On demand we generate a PDF file, a digital proof or a press proof for control and final clearance before the printing of the complete quantity. For smaller quantities a digital proof is normally not necessary, for quantities from about 30.000 pieces on we suggest the production of a digital proof or press proof before the printing. For quantities of about 100.000 pieces on, the production of a press proof for final clearance is absolutely necessary. All print files are controlled concerning printability before the printing. Thereby it can come out that the print file is faulty or that it can't be handled for any reason. In this case we will immediately contact you. You can send us a new, corrected print file then or the required change can be made by our print office (if possible and desired). Depending on the effort the originated costs will be charged to you then.
